Medication
Policy for dispensing medication at camp:
■ Medication should be given at home, if at all possible.
■ If medication must be given at camp, all medications, including inhalers and EpiPens, must be stored in the health office and administered by the camp nurse. If camper can self administer and wishes to keep medication with him or her, a note from the camper's physician must be given to the Camp Middlesex registration office, located in Crabiel Hall, and a copy carried with the camper each day along with the medication.
■ Medication must be in a pharmacy-labeled container that includes:
  ● the name of the camper
  ● the name and the dosage of the medication
  ● the directions for administering the medication and the time it is to be dispensed in camp, along with the name of the physician who prescribed the medication.
(Please note that the pharmacy will make up a special bottle for camp dosages, if requested)
■ The only alternative to the above policy would be for a parent/guardian to come to the camp to administer the medication to the child personally. Please call 732.906.2556 to make these arrangements.
■ The Camp nurse will not administer non-prescription drugs.
